\$19.80~~

~~(3) Commercial:~~

~~(a) Service availability charge, one hundred (100) per cent of water bill or \$36.46 per month, whichever is larger.~~

~~(b) (e) Where a customer believes that significant recycling of water through water-cooled air conditioning and like improvements will substantially diminish the amount of water being discharged into sanitary sewers, then said customer may make application to the department of environmental and engineering services and may pay for the cost and installation of a flow meter to measure the recycling of water provided.~~

1 Monthly water recycling shall be deducted from  
 2 the charges as provided for in subparagraph (a)  
 3 after payment of the service availability  
 4 charge and capacity reservation charge.  
 5

6 (1) All meters measuring recycled water shall be  
 7 accessible to the City of Margate so that employees  
 8 of the department of environmental and engineering  
 9 services may read same.  
 10

11 (2) There shall be periodic inspections to  
 12 determine that recycled water is being utilized  
 13 for the use intended.  
 14

15 (3) A sample calculation shall be as follows:  
 16 Credit to be calculated by multiplying the  
 17 number of gallons which registers on the flow meter  
 18 connected to the air conditioning cooling water  
 19 tower by applicable wastewater rate per thousand  
 20 (1,000) gallons. This amount would then be subtracted  
 21 from the sewer portion of the monthly utility billing.  
 22

23 ~~(d)~~ (f) The water and sewer utility deposits provided by customers  
 24 for new accounts may be returned to say customers based upon the  
 25 following:  
 26

- 27 (1) The customer's account has not been shut off due to
- 28 nonpayment of account for a period of one (1) year (any time
- 29 considered shall be from and after April 1, 1981).
- 30 (2) The customer shall submit a request in writing to the City of
- 31 Margate for return of said deposit.
- 32 (3) Notwithstanding the above, should the administration of the
- 33 city determine that a customer's account has not demonstrated
- 34 that same has been paid in a consistent, timely manner based
- 35 upon previous records, or that there is a likelihood that
- 36 security is necessary to ensure the prompt payment of water
- 37 and sewer charges, then that customer shall not be entitled to
- 38 a refund of his deposit.  
 39

40 All new accounts (or account where deposits have been returned but  
 41 customers had water and sewer service subsequently disconnected for  
 42 nonpayment of bills) shall be required to pay the following deposits:  
 43  
 44
