### ***SYNOPSIS:***

On Monday, April 21, 2008 at 1106 hours, an unknown substance was discovered in a residence at 2209 W. River Drive. The homeowner had recently passed away and his son was removing some of his personal belongings when he came across two small containers labeled "Nitro Glycerin." Margate Fire-Rescue and the Margate Police Department were called to the scene. The home was secured and neighboring houses evacuated as a precaution. The Broward Sheriff's Office Bomb Squad responded and removed the substance from the home. The unknown liquid was transported to Kaye Stevens Park where it was safely detonated. No one was injured.
