

CITY OF MARGATE

Memorandum

Saturday, September 3, 2005 – The following is the debris pick-up update.

North of Winfield all debris will be collected today. There have been long lines at the dump sites due to many other cities dumping at our designated dump site as well. Waste Management is looking into the problem and officials ask that you please be patient as we will get to you.

Brush trucks will follow the pick up.

Keep in mind that this horticultural debris pick up is ONLY for hurricane debris, not for newly-cut horticultural debris. Also, please remember to SEPARATE horticultural debris from ALL OTHER types of trash. The landfill is only permitted to accept certain materials and that is why rules like these are necessary.

Bulk pick up will begin on September 5.
