Margate Helps with Transportation

October 29, 2005 – On Friday October 28 the City of Margate implemented a plan to use the MIT (Margate Intercity Transit) to provide transportation from various area condo associations to local grocery stores to get supplies in the aftermath of hurricane Wilma. The bus schedule is set for 9 a.m. – 3 p.m. until further notice. The program will expand as more busses become available.

The National Guard was able to lend assistance to the City for the federal distribution of ice and water at a point of distribution (POD), located at Firefighters Park, 2500 Rock Island Road. Ice and water are to be distributed on Saturday October 29th. Information regarding delivery arrives on a day-by-day basis with fluctuating arrival times.

Residents who have oxygen needs or concerns can call the Broward EOC Health Contact 954-831-4008 for assistance.

Call the Army of Engineers to find out about how Operation Blue Roof provides temporary roof repairs at 888-766-3258.

As a safety precaution, after a hurricane, residents should monitor swimming pools and do not let children swim or play in them until they have been treated and cleared.
