

Do you have what it takes?

Are you between the ages of 14-18 and interested in becoming part of the most desirable professions within the United States? Then you are just who we are looking for. Make sure to inform all of your friends and make it a new thing to do outside high school.

Broaden your horizons by learning up-to-date basic life support, fire suppression, fire behavior, compete in state-wide competitions, and best all, ride with firefighters in real life emergencies within the city.
